

ON-THE-GO DICTATION

WHEN YOU WORK WITH WORDS YOU WORK **ANYWHERE**
WITH THE **COMPATIBLE**

NEW

DeJUR
GRUNDIG

Stenorette®
VERSATILE

Compatibility in dictation a new top echelon requirement

You can't communicate tomorrow's decisions with yesterday's tools. They just don't work for you fast enough.

But Stenorette does, because Stenorette is designed for the job of recording ideas quickly and easily . . . designed for transcribing them just as quickly and just as easily so that others may read . . . understand . . . act.

You're not desk-bound with a Stenorette! You can dictate on your portable anywhere you happen to be, send your tapes to the office to be transcribed on any office Stenorette. Isn't that a wonderful way to get work done!

GRUNDIG

Stenorette®-TD

\$229.50*
plus FET

- **MODERN MAGNETIC TAPE** — Interchangeable with tape reels and magazines used on Stenorette-Versatile.
- **FOOLPROOF INDEXING SYSTEM** — Calibrated in minutes of dictation for positive secretarial evaluation.
- **REMOTE-CONTROL MICROPHONE/SPEAKER**—All the controls in the palm of your hand!
- **3-RANGE SENSITIVITY SELECTOR**—Close, Normal and Conference settings for your every need.
- **EASY PUSHBUTTON OPERATION** — No dials to set, no flashing lights to distract.
- **UNRESTRICTED BACK-SPACE** — Review as much as you like, erase and correct as often as you please! Stenorette gives your secretary true error-free dictation.
- **BUILT-IN TELEPHONE SELECTOR** —tap button and your telephone conversation is recorded. Microphone need never be removed from socket.
- **FULL RANGE OF VOLUME AND TONE** Shout or whisper, *automatic voice control* gives your secretary uniform playback volume for complete transcription ease.
- **ONE MACHINE FOR BOTH DICTATION AND TRANSCRIPTION** — Just connect earphone and foot control, and your secretary is ready to transcribe.

*Complete with either dictating or transcribing accessories.

DRY CELL POWERED
—FULLY TRANSISTORIZED
PORTABLE DICTATING MACHINE

\$149.50*

**NOW
3 WAYS
VERSATILE:**
Operates on either

1. Dry cell mercury batteries
2. Rechargeable battery
3. 110v or 220v, 50/60 cycles AC

This is how executives on-the-go measure time these days . . . with tape—and the 6 lb. self-powered Stenorette-Versatile, the dictating portable that works on replaceable dry cell Mercury batteries, rechargeable lifetime batteries, and 110v or 220v AC.

Stenorette-Versatile goes with you on calls to record case histories, letters, reports, memos, specifications, speeches. It tapes what you tell it, erases mistakes, provides crystal clear "living letters" for your secretary to transcribe. Most important of all, the Versatile is completely *compatible* with its desk model mates! You dictate on your Versatile in the field, mail your tapes to the office to be transcribed on any office Stenorette.

more **DeJUR** Stenorettes are sold in the United States and Canada
GRUNDIG than all other magnetic dictating machines combined.

*plus FET less batteries

*These features
make the Versatile
complete and compatible*

SMALL AS A BOOK—This Fully transistorized Dictating Machine is the first such unit in the history of Magnetic Tape that is completely compatible with its full size office counterpart.

GO ROUND-THE-WORLD ON AC POWER—Accessory AC Power Pack provides 110v or 220v for 50/60 cycle electric outlet flexibility at home or abroad.

DISPOSABLE BATTERIES — Low cost, light weight, disposable mercury cells provide all the power for battery and transport mechanism. Get up to 30 full hours of recording/reproducing time on each set of power cells.

YEARS OF POWER SUPPLY, TOO—Uninterrupted source of power also available from non-deteriorating, trouble-free, nickel-cadmium battery pack, as accessory item. Each battery charged from accessory charger insures four hours of continuous dictation. Four-hour portable charge is undiminished when charger accessory is used as an AC Power Pack.

UP TO 45 MINUTES OF DICTATION TIME—For ultimate economy the magnetic medium is endlessly reusable, and gives you up to 45 minutes of error-free dictation, on each reel or magazine of magnetic tape.

PUSH-BUTTON OPERATED THROUGH-OUT—Dictate, listen, rewind and stop at the press of a button.

CONVENIENT MICROPHONE CONTROL—Start, stop, from microphone with push-button lock.

CONVENIENT FOR TRANSCRIPTION—Substitute an earphone for microphone, and Stenorette-Versatile becomes a transcribing machine. Leave it with public stenographer for transcription while you make your business calls. Correspondence, call reports, contracts, are ready for your signature at the end of day no matter how far you are from your office.

REPRODUCTION FIDELITY—Automatic recording level volume control assures perfect recordings and uniform playback at all times through dynamic Microphone/Speaker combination. Reproduction quality is equal too, and even superior too, many standard office models.

FREEHANDED DICTATION—Convenient lapel microphone facilitates usage requiring freedom of hands and arms such as inventory-taking and interviewing.

VISIBLE CHARGE LEVEL—Battery condition indicator for both amplifier and transport mechanism tells at a glance when recharge is required.

FOR USE IN CAR—When using nickel-cadmium power pack accessory, operator may dictate while driving a car without affecting battery charge by connecting accessory 6 or 12 volt cable from unit to cigarette lighter socket.

LINEAR PROGRESS SCALE—Clearly visible indicator permits both location and indexing of any portion of recorded material.

STURDILY ENGINEERED—Constructed on a die-cast magnesium-alloy frame to withstand unusually rugged conditions; unaffected by extreme temperatures and altitudes.

CARRYING CASE—Handsome leatherette case with shoulder strap for traveling ease.

ROLL-AWAY COVER—For ready access to push-button controls while entire unit remains in case and operating.

COMPACT DIMENSIONS—Length: 10¼"; Width: 5¾"; Height: 3¼"; Weight: 6 lbs.

ACCESSORIES

COMPATIBLE in every way. Use them on the older Stenorette-Companion, too. They are interchangeable.

DS-590 — AC POWER PACK

—Switch from battery operation to 110v or 220v AC. Preserves life of Mercury cells; offers electrical outlet versatility at home or abroad.

DS-578 — DRY CELL BATTERY COMPARTMENTS

— Separate compartments for Amplifier and motor operation makes for easy loading and more efficient operation.

DS-583 — RECHARGEABLE BATTERY

— Special nickel-cadmium cell that offers four hours of continuous use on each full charge from accessory charger.

DS-582 — CHARGER/AC POWER PACK COMBINATION

— Restores Stenorette nickel-cadmium battery to full operating potential when plugged into 110v AC source. Also allows Stenorette-Versatile to operate from 110v AC source.

DS-610 — TAPE MAGAZINE

—For easy loading, mailing and handling. Just drop in slot and dictate. 30 or 45 minute capacity.

DS-510 — EARPHONE with EARLOOP

— Offers privacy of playback when dictation is being transcribed from the Versatile. Earloop has reversible snap-fastener for right or left ear use.

DS-577 — CARRYING CASE

—Leather carrying case with shoulder strap enables you to dictate while on-the-go. Stenorette-Versatile will operate with flap opened or closed.

DS-243 — TELEPHONE ADAPTER

—For recording 2-way telephone conversations. Includes induction coil with rubber suction pad, attachment cord and plug. No internal connections required.

**DS-593 — LAPEL MIKE
DS-594 — TIE CLIP MIKE**

— Miniature microphones for confidential recordings and where free-handed dictation is desirable. Ideal for interviews, market research, taking inventory.
